Jane Henney  
Commissioner, Food and Drug Administration  
FDA (HFE-88)  
5600 Fishers Lane

Dear Ms. Henney;

I am writing to urge the Food and Drug Administration to ban the use of human antibiotics in livestock feed. These drugs are the last line of defense against many potential epidemics. The use of antibiotics in livestock feed compromises their effectiveness and is an unnecessary and irresponsible risk to human lives.

Thank you for your attention to this urgent matter.

Sincerely,

Ted Leybold
